NOTICE TO STATUTORY PARTIES
PURSUANT TO 30 V.S.A. SECTION 248(j)

PSB Docket No. 7646

You are hereby notified that Burlington Schools PV, LLC has filed a petition with the Vermont Public Service Board ("Board") for a certificate of public good ("CPG") authorizing the installation and operation of a 332 kW solar electric generating facility at the Burlington High School located at 52 Institute Road in the City of Burlington, Vermont.

The proposed project will be installed on the rooftop of the Burlington High School, and will consist of approximately 1440 photovoltaic solar panels. On the flat portion of the school roof, the panels will be mounted on static ballasted array frames set at an angle of five degrees from the plane of the roof. On the slanted roof of the Chip building, the panels will be mounted in asphalt inclined roof mounted array frames. More detailed information is available in the petition, copies of which are available for review at the Public Service Board's offices at the above address, and at the Burlington City Clerk's Office, located at 149 Church Street in Burlington, Vermont. Information on this proposed project is also available on the Board's website: www.psb.vermont.gov

Persons wishing to submit comments as to whether the petition raises a significant issue with respect to the substantive criteria of 30 V.S.A. Section 248 **must file their comments with the Board on or before September 8, 2010.** If no comments raising substantive issues are received, the Board may grant a CPG without a hearing.

VERMONT PUBLIC SERVICE BOARD
